Work Experience

UVU Excellence, Innovation, & Initiative

UX/UI Designer — Orem, UT
March 2025 – Present

- Led UX/UI design for multiple digital projects, including Tangere (a payment platform for precious metals), The Hub (e2i's new website), and Chuck Rack (an eCommerce site for bike and ski accessories).
- Developed wireframes, interactive prototypes, and high-fidelity mockups using Figma, ensuring intuitive and accessible interfaces aligned with brand guidelines.
- Collaborated closely with developers, stakeholders, and marketing teams to deliver user-centered solutions that enhanced engagement and streamlined workflows.

Eli Joe's Workshop

Freelance UX/UI Designer — Salt Lake City, UT
January – March 2022

- Designed and implemented user-friendly UX/UI solutions for Eli Joe's Workshop website using WordPress and WooCommerce to enhance online customer experience.
- Managed end-to-end design workflow independently, balancing creative vision with technical constraints to deliver polished final products.
